

April 19, 2009

Greetings

Hope you are doing well. The OCM family is doing well and the ministry continues to move forward steadily. Thanks for your love, prayers and support. Our pastors and leaders from the field greatly appreciate your support. OCM has 7 fulltime employees. Currently we are also supporting 5 students through our scholarship program. Five graduated last year and did very well and our prayers is God will provide for the admissions into local universities. Thanks for you gifts for without it they could not have made it. The feeding project continues to move forward even as many Kenyans are struggling to put food on the table.

A while we pleaded for your support towards our orphanage farm plowing. Update. We have plowed and sowed the wheat. In the meantime we have a balance remaining towards the same project in related costs for pesticide and spraying as needed soon as the wheat sprouts. We are short around **\$1200.00**

Having said all that we are faced with financial challenges and for that reason we continue to ask your continued support and prayers. Many have you received my plea(s) without response, but I continue to send updates and information about our work in Nakuru, Kenya. If for some reason you would want OCM to remove you from our mailing list we will do so gladly to do so. OCM has and will always continue to be a faith based ministry and year after year we have seen God see us through.

Just follow your heart and do the needful.

As always you can give on line @ www.ocministries.org/giving.htm or you can send your tax deductible gift using our ministry post office box. **OCM, P.O Box 1663; Indian Trail: NC 28079**

Thanks in advance once again for you commitment in making a difference to underprevilaged children in Nakuru, Kenya.

Let's hear from you and please jump in and help.

Laboring together for Christ,

James M Kinyanjui
President, OCM
